As we finish our summer session, children will also be finishing up their studies of the Solar System and Dance Movement. Children will be bringing home their final projects at the end of summer.

Last month, children learned about the Mercury, Venus, Earth, Moon, Mars, Jupiter, Saturn, and The Asteroid Belt in the Solar System curriculum and also many captivating dance moves as well. Children also enjoyed bubble day and smoothie day. Outdoor activities are always a great way to get the children outside and moving. Smoothie day was a joy because children enjoyed a healthy and delicious drink.

FALL session will start on Tuesday, September 2nd 2014 after the Labor Day holiday. Before the FALL session starts, we need your help by taking home all of your child's belonging. Teachers will be sending home your child's medicines, sunscreens, balms, creams, lotions, and clothes, jackets and containers/bottles. If parents would kindly wash and replace all of your child clothing for the next school year by bringing appropriate 2 sets of extra clothes on the first day of school, Sept 2nd.

Reminders will be forwarded out via email when time gets near. Have a wonderful summer and we will see all your lovely faces back on first day of school. Also, please send your child to school on the first day of school with our Learn and Play Montessori School T-Shirt. If your child has not received his/her shirt, please let the front desk know.
